Supplies for Digital Painting:

Pre-requisite:

Students need to either already have experience with the basics of digital painting with photoshop or rent PortPrep's Intro to Digital Painting Tutorial Video before coming to camp

Email portprep1@gmail.com to rent Intro to Digital Painting: \$20

Required Equipment to Take This Workshop

- Ideally a pressure sensitive graphics tablet and stylus (a good tablet is the Wacom Intuous)
- Computer with Adobe Photoshop (download free trial or get student rate).
- sketchbook or notebook.
- Specialized brushes will be provided at no cost by the instructor

Notes: If you don't have access to these tools but you still want to take the class that could still work by taking notes on paper and purchasing our video of the course after it's over (participants get the video at a 50% discount). You can also manage with a non-pressure sensitive tablet or with a mouse or mouse pad. It's not ideal but you still learn some basics this way.

Loaner Tablets Available: 2 entry level Wacom Bamboo tablets can be borrowed. They are not ideal but they would suffice if finances prevent you from purchasing a higher quality tablet. Email me at portprep1@gmail.com to reserve a tablet.
