

We have a perfect way to ensure your teen is safe and comfortable while staying in Guelph for our Animation Camp!

We have other options as well that we can assist you with including:

- Other Airbnb
- University of Guelph Dorm Rooms
- Student Housing Summer Sublets
 - Bed and Breakfast
 - Hotels
- Room and board with local family from summer camp

Lodging via Airbnb with Mike Craig & Den Mother Deb (60 years old) at private home

Beautiful oasis in a safe community

Deb lives at the home and manages the Airbnb and supervises the WOOFERS (worker on organic farm) who live there during the summer. Deb provides one meal per day for the woofers, our campers and Mike's family.

Deb has agreed to act as a den mother to the animation camp students. She will be available to help them get settled in, answer any questions and help them should any problems arise. She will keep an ear open and an eye on them to ensure they are safe and abiding to the house rules and generally being good house guests and using safe, and healthy living practices ie (no smoking, drinking or drug use). She has agreed to be present in the house when the students are there at dinner time, overnight and in the morning so that the students always have a responsible adult nearby to ensure they are safe.

Deb ensures that a positive atmosphere exists between lodgers and woofers and provides healthy organic meals.

Den Mother fee/ day \$10 /student

Breakfast: \$2.50/day

Dinner: \$10/day (can be taken as leftovers for lunch next day if not present for meal)

Den Mother Total for Camp: 15 days \$150

14 meals adds \$175

We often organize pot lucks as a group for evenings at least once and week and students like to go out for lunch or dinner together at the local cafes and restaurants.

There are kitchen facilities at the home to store and prepare food.

There are also kitchen facilities at the studio and lots of cafes nearby.

I can pick up students from the train station, bus depot or airport. No cost for Guelph train and bus.

Airport pick up fee one way \$20

Or schedule the Red Car Airport Shuttle to Guelph.

Bikes can be borrowed or rented or I can drive students to the studio each day and night at no cost. Local students often help each other out with rides too.

Guelph is listed as the safest city in Canada to live in. Walking is also possible but suggest they walk in pairs, not alone just to be sure they are safe.

Basement Apartment to share with other animation camp students:

<https://www.airbnb.ca/rooms/5984161>

With 1 guest \$1024 CAD for 2 weeks
with 3 guests \$1246 CAD divided by 3 = \$415 each
